

Conference „Heat not Lost - energy efficiency; thermal insulation for the energy sector and industry; design and implementation”

18-19.09.2014 - International Exhibition and Convention Centre EXPO Kraków

Conference Programme*

18.09.2014 - DAY I

9:00-10:45 Registration at the Conference Office. Visit to the 4INSULATION Trade Fair

10.45-11.00 Official opening

Conference Moderator: *dr hab. inż. Zbigniew Plutecki, prof. PO, Politechnika Opolska*

- Presentation by the Polish Association of Industrial Insulation Contractors
- Presentation by FESI (European Federation of Associations of Insulation Contractors)

11:00-13:00 Panel I

- **Rockwool technical support in the area of heat energy savings in industrial plants**
- *Agnieszka Lisikiewicz, marketing manager, Rockwool Technical Insulations*
- **Investment in insulation - it pays back** - *Robert Kotwas, TI Technical Support Manager Poland & SE Europe, Paroc Polska Sp. z o.o.*
- **ArmaSound Industrial System** - *Maria Witkowska, technical manager Europe South East, Armacell Poland Sp. z o.o.*
- **The chances for enterprises based on the Act of Energy Efficiency issued 15th April 2011 and methodology of enterprises' support to obtain the energy efficiency certificates (White Certificates) - conclusions, experience and recommendations** - *Katarzyna Zaparty-Makówka, director, The Poland - Japan Energy Conservation Technology Centre (PJCEE), The Polish National Energy Conservation Agency S.A. (KAPE)*

13:00-14:30 Lunch. Visit to the 4INSULATION Trade Fair

14:30-16:00 Panel II

- **Minimising energy losses in industrial processes in the context of the European Energy Efficiency Directive** - *Andreas Gürtler, foundation director, European Industrial Insulation Foundation*
- **Energy audit - an indispensable element of the new standards of care for effective power generation** - *Roman Kołodziej, chief specialist for energy efficiency, ENERGOPOMIAR Sp. z o.o.*
- **Application of SUM Poland's thermal insulation covers on the industrial devices and installations as a source of operational, economic and environmental benefits** - *Janusz Komorowski, president of the board, SUM Poland Sp. z o.o.*

16.00-17.00 Break: talks and exchange of experience

20:30 Gala dinner and business meeting - „Forty Kleparz”, ul. Kamienna 2

19.09.2014 - DAY II

9:00-10:00 Visit to the 4INSULATION Trade Fair

10:00-12:30 Panel III

- **PN-B-20105 Standard - thermal insulation of buildings, interior fittings and industrial installations. Requirements regarding design, implementation of works and commissioning** - Paweł Gajewski, president of the board, Polskie Stowarzyszenie Wykonawców Izolacji Przemysłowych (the Polish Association of Industrial Insulation Contractors)

- **Economical insulation - underestimated advantage** - Mirosław Chodzikiewicz, technical director, Dariusz Dziwiński, commercial department specialist, KAEFER SA

- **Bamex Sp. z o.o. - manufacturer of e-glass needled mats and other insulation products** - Kinga Żelechowska, president of the board, Bamex Sp. z o.o.

- **Flat insulation materials for thermal insulation of industrial installations - the requirements of European standards relating to Declaration of thermal conductivity** - dr Artur Miros, head of the „Izolacja” Research Centre for Construction Materials, Institute of Mechanised Construction and Rock Mining, Brach Office in Katowice

Conclusions and closure of the Conference

12.30 Lunch, Visit to the 4INSULATION Trade Fair

*The Programme may still be modified by the Organiser
